# DWA_04.3 Knowledge Check_DWA4

_____

1. Select three rules from the Airbnb Style Guide that you find **useful** and explain why.

- Naming
    1. Extensions: Use .jsx extension for React components.
    2. Filename: Use PascalCase for filenames. E.g ReservationCard.jsx
    3. Reference Naming: Use PascalCase for React components and camelCase for their instances. react/jsx-pascal-case

- Spacing
    1. Always include a single space in your self-closing tag. no-multi-spaces, react/jsx-tag-spacing. Eg // good <Foo />

- Use arrow functions to close over local variables.

_____

2. Select three rules from the Airbnb Style Guide that you find **confusing** and explain why.

- Quotes- Always use double quotes(") for JSX attributes, but single quotes (') for all other JS.

- Declaration- Do not use displayName for naming components, Instead, name the component by reference.
- Refs- Always use ref callbacks.
  // good
  <Foo
  ref = {(ref)  => { this.myRef = ref; }}
  />
